EXECUTIVE ORDER 9209

REGULATIONS GOVERNING THE PAYMENT OF ADDITIONAL COMPENSATION TO ENLISTED MEN OF THE MARINE CORPS SPECIALLY QUALIFIED IN THE USE OF ARMS

By virtue of and pursuant to the authority vested in me by section 16 of the Pay Readjustment Act of 1942, approved June 16, 1942 (Public Law 607—77th Congress), it is hereby ordered as follows:

Enlisted men of the Marine Corps while serving on board ship shall receive the same additional compensation for special qualifications in the use of ships' guns as is now or may hereafter be prescribed for enlisted men of the Navy.

Enlisted men of the Marine Corps wheresoever stationed who have established their special qualifications in the use of the arm or arms which they may be required to use, shall receive additional compensation, under such regulations and conditions and for such periods of time as are now or may hereafter be prescribed by the Secretary of the Navy, as follows:

First class	\$5.00 per month
Second class	
Third class	
Fourth class	
Fifth class	

The total compensation payable to any enlisted man under this order shall not exceed \$5.00 per month.

Executive Orders No. 3705-A of July 1, 1922, and No. 5866 of June 28, 1932, prescribing regulations governing the payment of additional compensation to enlisted men of the Marine Corps specially qualified in the use of ships' guns and of arms, are hereby superseded.

This order shall take effect as of June 1, 1942.

tation to the United States of certain employees of The Panama Canal or the Panama Railroad Company on the Isthmus of Panama upon termination of their service, and without regard to the means of transportation by which such employees were conveyed to the Isthmus, the Governor of The Panama Canal is hereby authorized to furnish free transportation for any employee to which the said section 15 is applicable to a port or airport of the United States, such port or airport and the necessary carrier to be selected, in the Government's interest, by the Governor or by his authority: Provided, however, that transportation may be furnished to a port or airport of the United States, or by a carrier, other than that selected by the Governor or by his authority upon the condition that any cost thereof in excess of the cost of transportation to the port or airport, or by the carrier, selected by the Governor or by his authority shall be paid by the employee.

2. The Governor of The Panama Canal is authorized to prescribe such regulations as may be necessary to carry out

the provisions of this order.

3. This order shall remain in effect during the continuance of the present war and for six months after the termination thereof.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board [Regulations, Serial Number 233]

PART 04-AIRPLANE AIRWORTHINESS

WEIGHT LIMITATIONS IN OVERSEAS AIR TRANSPORTATION

Special regulation authorizing the Administrator to permit an air carrier, when engaged in overseas or foreign air transportation, to exceed gross weight limitations necessitated by war.

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 17th day of July 1942.

The Civil Aeronautics Board finding that its action herein is necessary to the successful prosecution of the war effort and acting pursuant to the Civil Aeronautics Act of 1938, particularly sections 205 (a), 601 (a) and 604 thereof, hereby rescinds Regulation Serial Number 210 adopted March 14, 1942, and makes and promulgates the following special regulation:

Notwithstanding any provisions of the Civil Air Regulations to the contrary, the Administrator may in his discretion, and under such conditions as he may prescribe, permit an air carrier, when engaged in overseas or foreign air transportation, to exceed the gross weight limitations now specified in its air carrier

operating certificate and in the airworthiness certificates of its aircraft: Provided. (1) That the entire load thus carried consists only of cargo, mail, and passengers necessary to the prosecution of the war effort, or the preservation of life; (2) That the pilot in command of the aircraft certifies that in his opinion, notwithstanding the transcendence of the gross weight limitations, the flight can be completed without undue risk; and (3) That prior to departure each passenger shall have been personally notified that the gross weight of the aircraft exceeds the gross weight limitations, in order that he may have the opportunity to leave the aircraft before departure.

This regulation is to become effective on the 21st day of July 1942.

By the Civil Aeronautics Board.

PART 7-IMPORTATIONS BY MAIL

CERTAIN PARCELS EXCEEDING \$100 IN VALUE
JULY 29, 1942.

Article 372 (b) of the Customs Regulations of 1937 (par. 12b, Joint Departmental Mail Regulations (renumbered 13 (b) in the Postal Laws and Regulations of 1940)) amended to provide that when a mail parcel exceeding \$100 in value is addressed to a point which is not a customs port or station it shall be forwarded to the port of entry nearest the address appearing on the parcel.

Article 372 (b) of the Customs Regulations of 1937 (par. 12b, Joint Departmental Mail Regulations (renumbered 13 (b) in the Postal Laws and Regulations of 1940)) [sec. 7.9(b)] is amended to read as follows:

§ 7.9 Treatment at offices of examination; shipments exceeding \$100 in value.

(b) (J. R. 12b (renumbered 13(b) in the Postal Laws and Regulations of 1940)). When adressed to a point which is not a customs port or station, the customs officer handling the shipment at the office where the merchandise has been examined and found to be subject to formal entry shall prepare, in quadruplicate, customs Form 3509, notifying the addressee or consignee to make formal entry at the port of entry, which shall be specified, nearest the office of destination of the shipment. The customs officer shall mail the original copy

of the form to the addressee or consignee; send one copy to the comptroller of customs for the district in which entry is to be made; send one copy to the collector or deputy collector of customs at the port where entry is to be made; and retain the remaining copy as an office record. The customs officer shall also prepare customs Form 3511, place it in a mall-entry-tag envelope addressed to the collector or deputy collector of customs, in care of the postmaster, at the port at which entry is to be made, securely attach the envelope to the package, and then return the package to the postmaster for dispatch to the port where entry is to be made. patition of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of certain mines and in the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of D. M. & H. Coal Company (W. B. Davis), Harry Fekula and Stanley Sutter.

On June 24, 1942, I issued a Memorandum Opinion and Order severing Docket No. A-1472 Part II from Docket No. A-1472, and granting in part temporary relief in Docket No. A-1472 Part II and Notice of and Order for Hearing in Docket No. A-1472 Part II, and establishing price classifications and minimum prices for the coals of Mine Index No. 270 of D. M. & H. Coal Company (W. B. Davis), Mine Index No. 1777 of Harry Fekula, and Mine Index No. 2107 of Stanley Sutter, for rail shipments from Somers, Pennsylvania, on the Pittsburgh and Lake Erie Railroad, but not granting the relief requested by District Board No. 2 with respect to the coals of the aforesaid mines for rail shipments from Pricedale, Pennsylvania, on the Monessen Southwestern Railway.

On July 20, 1942, District Board No. 2 filed a motion requesting that the hearing scheduled for July 23, 1942, at 10 o'clock in the forencon of that day at a hearing room of the Bituminous Coal Division, Washington, D. C., he cancelled, and that the request for relief with respect to the aforesaid coals for shipment from Pricedale, Pennsylvania, on the Monessen Southwestern Railway he withdrawn.

It is, therefore, ordered, That the hearing scheduled for July 23, 1942 in this matter be cancelled and the relief granted by Order herein dated June 24, 1942 be terminated.

It is further ordered, That commencing forthwith § 322.7 (Alphabetical list of code members) is amended by adding thereto Supplement R-I and § 322.9 (Special prices—(c) Railroad fuel) is amended by adding thereto Supplement R-II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure hefore the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: July 22, 1942.

[Docket No. A-1522]

PART 324-MINIMUM PRICE SCHEDULE, DISTRICT No. 4

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 4 for the establishment of price classifications and minimum prices for the coals of certain mines in District

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 4; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the aboveentitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (Alphabetical list of code members), § 324.8 (Numerical list of mines), § 324.2 (Sea-

sonal discounts), § 324.9 (Recapitulation of price classifications), § 324.11 (Special prices—(a) Railroad fuel prices for all movements exclusive of lake cargo railroad fuel), and § 324.24 (General prices in cents per net ton for shipment into all market areas) are amended by adding thereto Supplements R-I, R-III, R-III. R-IV, R-V, and T, respectively, which supplements are hereinafter set forth and hereby made a part hereof; and

Commencing forthwith, § 324.2 (Seasonal discounts), § 324.7 (Alphabetical list of code members) § 324.9 (Recapitulation of price classifications), and § 324.11 (Special prices—(a) Railroad fuel prices for all movements exclusive of lake cargo railroad fuel) are amended so that the shipping point for the coals of Mine Index No. 520, shall be Crescent, Ohio, on the Baltimore & Ohio Railroad in Freight Origin Group No. 12, instead of Maynard, Ohio, on the Wheeling & Lake Erie Railroad in Freight Origin Group No. 18, and the price classifications and minimum prices of this mine established in Docket No. A-462 (6 F.R. 122) for the sale of railroad fuel to the Wheeling & Lake Erie Railroad shall be applicable for sale to the Baltimore & Ohio Railroad.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order. pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No price classifications and minimum prices are granted herein for the coals of Thomas Lewis, since it appears from the records of the Division that this producer is inactive, and has no present intention of producing coal,

District Board No. 4 proposed the following minimum prices for the coals of the Landrum Mine (Mine Index No. 404) of P. R. Landrum for truck shipments in Size Groups 1-8, respectively: 280, 270, 260, 235, 230, 195, 175 and 165. It appears, however, that in order to relate these coals properly to analogous and comparable coals these prices should be as shown in "Supplement T," as follows, in Size Groups 1–8, respectively: 295, 285, 275, 250, 245, 195, 175 and 165.

In a letter dated July 1, 1942, petitioner requested the prices shown in "Supplement T" for Mine Index No. 404. Dated: July 23, 1942.

DAN H. WHEELER, Acting Director.

Temporary and Conditionally Final Effective Minimum Prices for District No. 4

Nore: The material in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 324, Minimum Price Schedule for District No 4 and supplements thereto.

by adding thereto Supplement R, and § 334.24 (General prices for shipment that all market areas) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

For the coals in Size Group No. 11 produced from the No. 2 Mine, Mine Index No. 604, operated by code member Ed Sweeney, in Production Group 7, petiall shipments except truck and a mini-mum price of \$3.35 per ton for truck ship-ments. It appears that the coals of Mine tioner proposes a classification of G for Index No. 604 are comparable in quality

to those produced from the Sans Bols Mine, Mine Index No. 96, also located in Production Group 7, and that the coals of the Sans Bols Mine in Size Group No. 11 have an effective price classification of I for all shipments except truck and an effective minimum price of \$3.15 per ton for truck shipments. Since the coals appear comparable, it is deemed advisable to establish the same classifications and prices for coals in Size Group No. 11 produced from Mine Index No. 604 as those currently in effect for the coals in the same size group produced from Mine is Index No. 96. Accordingly, the price

classifications and minimum prices set forth in the attached schedules marked "Supplement R" and "Supplement T" for the coals in Size Group No. 11 produced from the No. 2 Mine, Mine Index No. 604, of code member Ed Sweeney, correspond with the price classifications and minimum prices currently in effect for the coals of Mine Index No. 96 in that size group, both for all shipments except truck and for truck shipments.

Chapter IX-War Production Board

Subchapter E—Director General for Operations .

PART 1010—Suspension Opders

[Suspension Order S-72]

PAN-AMERICAN ENGINEERING COMPANY

Pan-American Engineering Company of Berkeley, California, is a partnership engaged in the manufacture of oil hurners. Under Limitation Order L-74,2 the Company was permitted to produce only 5 Class B oil hurners during the months of April and May, 1942. Despite this limitation, the Company produced 227 Class B oil hurners during that period. Furthermore, the Company continued to manufacture Class B oil hurners after June 1, 1942, although such manufacture was prohibited by Limitation Order L-74.

These violations of Limitation Order L-74 have impeded and hampered the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the Loregoing facts,

It is hereby ordered That:

§ 1010.72 Suspension Order S-72. (a) Pan-American Engineering Company, its successors and assigns, shall not produce, fabricate or assemble any Class A or Class B oil burners as the same are defined in Limitation Order L-74, except as specifically authorized by the Director General for Operations.

(b) Nothing contained in this order shall be deemed to relieve Pan-American Engineering Company from any restriction, prohibition or provision contained in any other order or regulation of the Director General for Operations, except

¹Filed as part of original document.

in so far as the same may be inconsistent

with the provisions hereof.

(c) This order shall take effect on August 8, 1942, and shall expire on November 8, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 3d day of August 1942.

PART 3047—LOOSE LEAF METAL PARTS AND UNITS

[General Limitation Order L-188]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron and steel for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3047.1 General Limitation Order L-188—(a) Definitions. For the purposes of this order:

(1) "Person" means any individual partnership, association, business trust, corporation, or organized group of persons, whether incorporated or not.

(2) "Fabricate" means to cut, draw, machine stamp, melt, cast, forge, roll, turn, spin or otherwise shape any iron or steel employed in the production of metal parts or units for blank books, loose leaf books, binders or covers.

(3) "Metal parts or units for blank books, loose leaf books, binders or covers" shall include any device, composed of one or more metal parts which constitute the binding, fastening or locking mechanism employed to hold or bind together loose leaves or units of paper, paper products or other materials.

paper products or other materials.
(4) "Assemble" means to combine in any way, component metal parts or units for final incorporation into any type of binder or cover. It shall not include the operation of attaching assembled metal parts or units to a binder or cover.

- (b) Restrictions on fabrication and assembly of metal parts or units for blank books, loose leaf books, binders or covers. On and after August 4, 1942, no person shall fabricate or assemble any iron or steel into metal parts or units for blank books, loose leaf books, binders or covers:
- (1) In any calendar quarter in excess of one-fourth of 30% by weight of the iron and steel employed by such person in such production during the calendar year 1941.
- (2) Which are prohibited by the terms of Schedule A attached.
- (c) Conservation Order M-126. From and after the effective date of this order, the provisions of Conservation Order M-126 shall no longer apply to loose leaf binding wire, rings, posts and metal parts.
 - ¹7 F.R. 5353, 5358, 5462, 5510, 5902.

- (d) Records. All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning the processing, fabricating and assembly of metal parts or units for blank books or loose leaf books.
- (e) Reports. All persons affected by this order shall prepare and file such reports or questionnaires as may from time to time be requested by the Director General for Operations.
- (f) Communications. All reports to be filed hereunder and all communications concerning this order shall be addressed to: War Production Board, Printing and Publishing Branch, Washington, D. C. Ref.: L-188.
- (g) Applicability of priorities regulations. This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time-to time.
- (h) Appeal. Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by filing Form PD-500, Ref.: Appeals Branch, Washington, D. C. The Director General for Operations may thereupon take such action as he deems appropriate.
- (i) Violations. Any person who wilfully violates any provision of this order or who in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further delivery of, or from process or use of, material under priorities assistance. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 3d day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 1099—BEDS, SPRINGS AND MATTRESSES

[General Limitation Order L-40 1 as Amended August 4, 1942]

Section 1099.1 General Limitation Order L-49 is hereby amended to read as follows:

- (a) Definitions. For the purposes of this order:
- (1) "Bedding products" means the following: coil, flat, box and fabric bedsprings (whether or not they are integral parts of beds or other sleeping equipment); innerspring mattresses, pads and pillows; studio couches, sofa beds and lounges designed for dual sleeping and seating purposes.
- seating purposes.
 (2) "Base period" means the twelve month period ending June 30, 1941.
 (3) "Iron and steel used" means the
- (3) "Iron and steel used" means the aggregate weight of iron and steel contained in a finished product.
- (4) "Joining hardware" means the minimum amount of iron and steel required for nails, nuts, bolts, screws, clasps, rivets and similar joining purposes.
- (5) "Manufacturer" means any person who manufactures or assembles bedding products or parts made specifically for incorporation into bedding products.
- (6) "Renovator" means any person who repairs used bedding products.
- (b) Restrictions on production of mattresses, page and pillows. (1) On and after June 8, 1942, no manufacturer shall procure or acquire any wire to be used in the production of innerspring constructions for innerspring mattresses, page and pillows from any source whatsoever, except from the inventories of other Manufacturers of such products.
- (2) On and after August 1, 1942, no manufacturer shall process, fabricate, work on or assemble any wire for use in the production of innerspring con-

structions for innerspring mattresses,

pads and pillows.

(3) During the month of August 1942, no manufacturer shall use more wire in the aggregate production of innerspring mattresses, pads and pillows than 100% of the average monthly amount of wire used by him in the aggregate production of such products during the base period.

(4) On and after September 1, 1942, no manufacturer shall process, fabricate, work on or assemble any mattresses, pads and pillows containing any iron or steel,

except

(i) Buttons, ventilators, handles or

eyelets; or

(ii) A manufacturer may replace units contained in mattresses, pads and pillows previously sold by him if such replacement is specifically required by guarantee agreements entered into by such manufacturer.

(5) On and after August 1, 1942, no manufacturer shall procure or require any iron or steel to be used in the production of buttons, ventilators, handles or eyelets for mattresses, pads and pillows from any source whatsoever, except from the inventories of other Manufac-

turers of such products.

(6) On and after September 1, 1942, no manufacturer shall process, fabricate, work on or assemble any buttons, ventilators, handles or eyelets for mattresses, pads and pillows if such buttons, ventilators, handles or eyelets contain

any iron or steel.

(c) Restrictions on production of coil, flat, fabric and box bedsprings. (1) During the month of August, 1942, and during the month of September, 1942, no manufacturer shall use more wire per month in the aggregate production of coil, flat and fabric bedsprings than 25% of the average monthly amount of iron and steel used by him in the aggregate production of such products during the base period.

(2) During the month of August, 1942, and during the month of September 1942, no manufacturer shall use more wire per month in the production of box bedsprings than 50% of the average monthly amount of iron and steel used by him in the production of such products

during the base period.

(3) During the period of three months beginning October 1, 1942, and during each three month period thereafter, no manufacturer shall use more wire in the aggregate production of coil, flat and fabric bedsprings than 6¼% of the iron and steel used by him in the aggregate production of such products during the base period.

(4) During the period of three months,

beginning October 1, 1942, and during each three month period thereafter, no manufacturer shall use more wire in the production of box bedsprings than 12½% of the iron and steel used by him in the production of box bedsprings dur-

ing the base period.
(5) On and after September 1, 1942, no manufacturer shall process, fabricate, work on or assemble any coil, flat, box or

fabric bedsprings

(i) Containing any iron or steel other than wire or joining hardware, and (ii) Containing more iron or steel, other than joining hardware, than the following specified amounts:

(a) Box bedsprings—full size, 22 pounds; single or twin size, 16 pounds.

(b) Coil, flat or fabric bedsprings—full size, 30 pounds; single or twin size, 22 pounds.

(d) Restrictions on production of studio couches, sofa beds and lounges.
(1) On and after August 1, 1942, no manufacturer of parts made specifically for incorporation into studio couches, sofa beds and lounges designed for dual sleeping and seating purposes shall procure or acquire any iron or steel to be used in the production of such parts from any source whatsoever, except from the inventories of other manufacturers of such parts.

(2) On and after September 1, 1942, no manufacturer shall process, fabricate, work on or assemble any parts made specifically for incorporation into studio couches, sofa beds and lounges designed for dual sleeping and seating purposes if such parts contain any iron or steel,

other than joining hardware.

(3) On and after November 1, 1942, no manufacturer shall process, fabricate, work on or assemble any studio couch, sofa bed or lounge designed for dual sleeping and seating purposes which contains any iron or steel other than joining hardware.

(e) Restrictions on renorators of bedding products. On and after September 1, 1942, no renovator shall replace any unit contained in an innerspring mattress, pad, pillow, studio couch, sofa bed or lounge with a unit which has never been used by an ultimate consumer.

(f) Special exemptions. The restrictions contained in this order shall not apply to the production of bedding products for the following purposes:

(1) In fulfillment of a specific order of, or contract with, the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, Civilian Aeronautics Authority, the National Advisory Commission for Aeronautics, Office of Scientific Research and Development and any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); or

(2) In fulfillment of a specific order of, or contract with a hospital or sanitarium.

(g) Inventory restrictions. (1) The sales specified below shall be expressly permitted within the terms of paragraph (c) (2) (iii) of Priorities Regulation No. 13 (Part 944):

(i) Sales by manufacturers of innerspring constructions for innerspring mattresses, pads and pillows, of wire to other manufacturers of such products.

(ii) Sales by manufacturers of buttons, ventilators, handles or eyelets for mattresses, pads and pillows of iron or steel to other manufacturers of such products.

(iii) Sales by manufacturers of parts made specifically for incorporation into studio couches, sofa beds and lounges designed for dual sleeping and seating purposes of iron and steel to other manufacturers of such products.

(2) No manufacturer of bedding products shall accumulate for use in the manufacture of such products inventories of raw materials, semiprocessed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of bedding products at the rates permitted by this order.

(h) Records. All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, pro-

duction and sales.

(i) Audit and inspection. All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(j) Reports. Each manufacturer to whom this order applies shall file with the War Production Board such reports and questionnaires as said Board shall

from time to time request.

(It) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(1) Appeal. Any appeal from the provisions of this order must be made on Form PD-500 and must be filed with the field office of the War Production Board for the district in which is located the plant to which the appeal relates.

(m) Applicability of other orders. Insofar as any other order issued, or to be issued hereafter, limits or may limit the use of any material in the production of bedding products to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(n) Communications. All reports to be filed, and other communications concerning this order should be addressed to the War Production Board, Washington, D. C., Ref: L-49. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 8024, 7 F.R. 329; E.O. 8040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 1225—CONSTRUCTION LUMBER

[Interpretation 1 of General Limitation Order L-121, as amended July 10, 1942]

The following official interpretation is hereby issued by the Director General for

Operations with respect to § 1225.1 General Limitation Order L-121, as amended July 10, 1942:1

- 1. Paragraph (a)(1)(i) of General Limitation Order L-121, as amended, was not intended to include specific high quality, thick stocks known in the trade as "Clears", "Thick Finish", etc. of any species of softwood lumber in sizes three inch and thicker. Therefore, this paragraph freezes No. 1 Common and all higher grades of lumber used structurally, including, but not limited to, Select Merchantable and the structural stressgrades of timbers, joists, planks, beams and stringers, but does not freeze the "Clear" and "Select" grades, inasmuch as these grades even in sizes three inches and thicker, are not generally considered as joists, planks, beams, stringers or timbers. The Clear, Select, or Finish Grades in 1 inch and 2 inch material are of course not frozen by the order.
- 2. Boards and dimension of the common grades specified in the order, which may also qualify as close grain or dense material, are also frozen by the order. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 4th day of August 1942. AMORY HOUGHTON, Director General for Operations.

PART 1293—HAND TOOLS SIMPLIFICATION [Amendment 1 to Appendix A to Schedule I2 to Limitation Order L-157]

Appendix A to § 1293.1 (Schedule I to Limitation Order L-157) is hereby amended in the following respects:

Paragraph (1) Grades is amended to read as follows:

(1) Grades. A, B, and C designate qualities of complete hand shovels, spades, scoops, or telegraph spoons; A designating the best quality. A-grade tools are equipped with grade XX or SA handles; B-grade tools are equipped with grade X or SB handles. C-grade tools are equipped with No. 1 or SC handles. SA, SB, and SC grades are approximately equivalent to XX, X, and No. 1, respectively, which are the handlegrade designations commonly employed by the shovel industry. Grades SA, SB, and SC are defined in Simplified Practice Recommendation R76, Ash Handles, issued by the United States Department of Commerce, National Bureau of Standards.

Nothing in this provision shall be construed as prohibiting the substitution for ash of other suitable species of wood having characteristics as nearly comparable as possible to the respective grades of ash for which they are substituted; provided that the buyer consents, and all handles other than ash be marked with the name of the species of wood of which they were made.

- (b) Paragraph °(5) Handle finish is amended to read as follows:
- (5) Handle finish. Neither long handles, nor the stems of D handles, shall

be painted or otherwise finished than by sanding and waxing, except intrenching shovels, which are to be painted in accordance with the War Department's specification. Any metal used in the construction of D handles may be given a protective coating, or the entire D may be so coated, but only so far along the stem as is necessary to cover any metal used in the construction of the D.

(c) Tables 1, 2, and 3 are amended to read as follows:

PART 1377—WOODEN CONTAINERS [Maximum Price Regulation 195] RIDUSTRIAL WOODEN EOXES

In the judgment of the Price Administrator it is necessary and proper to establish in a separate regulation the maximum price for the sale of industrial wooden boxes since, because of their special nature, they cannot satisfactorily be priced on the basis of deliveries made in March 1942 The maximum prices established by this regulation are in the judgment of the Price Administrator, generally fair and equitable, and in conformity with the general level of prices established by the General Maximum Price Regulation.' A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith and has been filed with the Division of the Federal Register.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration, Maximum Price Regulation No. 195 is hereby issued.

AUTHORITY: §§ 1377.101 to 1377.118, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1377.101 Prohibition against sales of industrial wooden boxes at higher than maximum prices. (a) On and after August 8, 1942, regardless of any contract, lease or other obligation:

(1) No person shall sell or deliver any industrial wooden boxes at a price higher than the maximum price established by this Maximum Price Regulation No. 195:

(2) No person in the course of trade or business shall buy or receive any industrial wooden box at a price higher than such maximum price: Provided, That if upon the purchase of any industrial wooden box, the purchaser shall receive from the seller or supplier a written affirmation that to the best of his knowledge, information, and belief the prices charged do not exceed the maximum price established by this Max-

imum Price Regulation No. 195, and if in such case the purchaser shall have no knowledge of the maximum price and no cause to doubt the accuracy of the affirmation, the purchaser shall be deemed to have complied with this section;

(3) No person shall agree, offer, solicit, or attempt to do any of the acts provided in subparagraph (1) and (2)

of this paragraph (a).

- (b) No war procurement agency, nor any contracting or paying finance officer thereof shall be subject to any liability, civil or criminal, imposed by this Maximum Price Regulation No. 195 or the Emergency Price Control Act of 1942.
- § 1377.102 Maximum prices; sales by any seller of an industrial wooden box with a published or confidential list price—(a) Prices. If any seller had a published or confidential price list or lists in effect on March 31. 1942, covering sales of industrial wooden boxes, the maximum price to any purchaser for any box so listed shall be the net price which the seller would have received on that date from a purchaser of the same class. "Net price" means the amount paid by or charged to the purchaser, after adjustment for all applicable extra charges, discounts or other allowances in effect on March 31, 1942.
- (b) Report. On or before September 1, 1942, every seller subject to this Maximum Price Regulation No. 195 shall file with the Lumber Branch of the Office of Price Administration, Washington, D. C., all his published and confidential price lists and discount sheets in effect on March 31, 1942, for industrial wooden boxes. Any person who on March 31, 1942, sold industrial wooden boxes at prices based upon price sheets published by any other person subject hereto need not file such other person's published price sheets but shall file instead a statement identifying the particular price sheet used on that date, together with his own discount sheets, if any, and a statement of any prices which constitute exceptions to such practice.
- (c) Specifications changes. If any substantial changes are made in any industrial wooden box for which the seller had a published or confidential list price in effect on March 31, 1942, the maximum price for such box may be determined pursuant to § 1377.103 or § 1377.105, whichever is applicable: *Provided*, That either before such change in price or within ten days after making such change in price a report shall be filed with the Lumber Branch of the Office of Price Administration, Washington, D. C., containing the description of the industrial wooden box in question and of the specification changes, and a statement of the former price and the proposed price. If it is desired to issue a new list price a report shall be filed pursuant to § 1377.105.
- § 1377.103 Maximum prices; sales by the manufacturer of industrial wooden boxes without list prices. If for any industrial wooden box the manufacturerhad no published or confidential list price in effect March 31, 1942, the maximum price of such box in sales by the

manufacturer to any purchaser shall be computed on the following basis:

(a) Price formula. (1) The manufacturer shall employ the price-determining method which was in use in the plant on March 31, 1942, applying each of the pricing factors reflected in the formula at the levels prevailing in the particular plant on March 31, 1942, including: direct labor costs (applied in accordance with paragraph (b) below); material costs (applied in accordance with paragraph (c) below); overhead (burden) rates; and/or other bases of computation as of March 31, 1942.

(2) To the extent that the price-determining method includes or is based upon prices paid for sub-contracted services. the manufacturer shall use actual prices paid or to be paid for sub-contracted services, not in excess of the maximum prices provided by the appropriate max-

imum price regulation.

(3) The price arrived at by use of the price-determining method shall be adjusted for all applicable extra charges, discounts, or other allowances in use in the particular plant on March 31, 1942 in sales to a purchaser of the same class.

(b) Labor rates: (1) "Direct labor costs" shall be based upon the labor rates prevailing in the plant on March 31, 1942 for each classification of labor. If on March 31, 1942 an average rate was used, an average rate may be applied: Provided, That the labor rates and the method of computing the average in effect on March 31, 1942 are used.

- (2) The amount of overtime labor (direct or indirect) estimated to be required may be taken into account in estimating the cost of labor: Provided, That no mark-up, overhead or profit factors shall be based upon that part of the la-_bor cost which is in excess of the straighttime cost.
- (c) Material prices. (1) The term "material prices" includes the prices for raw materials, and for materials and products which have been processed or fabricated to any degree, including parts which can be assembled into the ultimate product without further processing.

(2) The manufacturers shall use a material cost not in excess of the lower of the following two prices:

(i) The actual price paid by the manufacturer for the material used in the production of the industrial wooden box

being priced under this section.

(ii) The applicable maximum price for the material as established by the General Maximum Price Regulation or any other maximum price regulation.

(3) If there is more than one "actual price paid" or more than one "applicable maximum price" for the same item or material purchased by the manufacturer (as where the maximum price is on an f. o. b. mill basis and the material is bought on varying freight rates; or where different suppliers have different maximum prices as may be the case under the General Maximum Price Regulation), the "actual price paid" or the "applicable maximum price" shall mean the average of the actual prices paid or the average of the maximum purchase prices, as the case may be, for the material in the manufacturer's inventory at the time of the sales subject to this Maximum Price Regulation No. 195. In computing the average actual price paid or the average maximum purchase price for his inventory the manufacturer shall weight the purchases on the basis of quantity and shall deduct for material taken out of inventory on the basis of the average actual purchase price or the average maximum purchase price, as the case may be, of the inventory at the time the material was removed from the inventory.

(d) Reports. When a manufacturer first computes a maximum price for a particular industrial box in accordance with the provisions of this section no report need be filed with the Office of Price Administration. However, if the manufacturer subsequently computes a higher maximum price for such box in accordance with the provisions of this section, unless the increase is definitely assignable to a change in specifications or a change in the conditions of delivery, the manufacturer thereof shall file a report with the Lumber Branch of the Office of Price Administration, containing:

(1) A description of the industrial wooden box;

(2) The maximum price prior to the price increase:

(3) The new maximum price;

(4) An explanation of the higher prices (in terms of the price-determining method and application of the appropriate price factors reflected in the formula): Provided, That if the price of an industrial wooden box previously has been reported pursuant to this paragraph without objection from the Office of Price Administration, the manufacturer shall not be required to report subsequent sales or deliveries at the same or a lower price.

§ 1377.104 Maximum prices; sales by the manujacturer of industrial wooden boxes which cannot be priced under § 1377.102 or § 1377.103. If the manufacturer is unable to determine the maximum price for an industrial wooden box pursuant to the provisions of § 1377.102 or § 1377.103, the maximum price shall be determined in accordance with this section.

- (a) Prices. The maximum price for each sale of such industrial wooden box shall be a price determined by the seller and reported pursuant to paragraph (b) of this section: Provided, That the Office of Price Administration either approves such price in writing or fails to disapprove it within thirty days after receipt of the report. Within five days prior to filing such report and during such thirty day period, such manufacturer may contract, sell or deliver at the proposed price, but final settlement shall be made in accordance with the action of the Office of Price Administration on such report and, if required by the Office of Price Administration, refunds shall be made.
- (b) Report. Within fifteen days of entering into a contract for the sale of an industrial wooden box the maximum price for which is computed in accord-

ance with this section, the manufacturer thereof shall file a report with the Lumber Branch of the Office of Price Administration, Washington, D. C., containing:

(1) A description of the box;

(2) A summary of the price-determining method, if any, used in the plant on March 31, 1942, or if no method was in use on that date, a summary of the price-determining method which the manufacturer proposes to use:

(3) The maximum price computed by the manufacturer by applying the pricing factors in the manner set forth in

§ 1377.103; and

(4) An explanation and demonstration of the method employed in arriving at that maximum price.

§ 1377.105 Maximum prices; sales by sellers other than the manufacturer of industrial wooden boxes without list prices. (a) If for any industrial wooden boxes a seller other than the manufacturer thereof had no published or confidential list price in effect on March 31, 1942, the maximum price to any purchaser for such box shall be the net price determined by applying to the seller's net invoiced cost of such box, not to exceed the applicable maximum price, the average percentage mark-up, weighted by volume of sales, over net invoice cost realized during March 1942, for all industrial wooden boxes of the same class sold by such seller during March 1942. to purchasers of the same class.

(b) If for any industrial wooden box a seller other than the manufacturer thereof had no published or confidential list price in effect on March 31, 1942, and if such seller sold no industrial wooden box of the same class during March 1942, the maximum price shall be the maximum price computed under this Maximum Price Regulation No. 195 for sales of the box by the most closely competitive

seller of the same class.

(c) If for any industrial wooden box a seller other than the manufacturer thereof had no published or confidential list price in effect on March 31, 1942, and if such seller cannot compute a maximum price for such box in accordance with the provision of paragraph (a) or (b) of this section, the seller shall apply to the Office of Price Administration for authorization to establish a maximum price pursuant to a pricing method proposed in writing by the seller.

§ 1377.106 New list prices. (a) Any person who desires or is required in writing by the Office of Price Administration to establish a list price for any industrial wooden box shall file a report pursuant to paragraph (b) of this section containing a proposed price determined under § 1377.103, § 1377.104, or § 1377.105 of this Maximum Price Regulation No. 195, and such price thereafter shall be the maximum price: Provided, That the Office of Price Administration either approves cuch price in writing or fails to disapprove it within thirty days after receipt of the report.

(b) Under the circumstances set forth in paragraph (a) of this section a report shall be filed with the Lumber Branch of the Office of Price Administration, Washington, D. C., containing the proposed list price, the proposed effective date, the class or classes of purchasers to whom such price is to be quoted, all relevant data used in determining such price, and evidence that such price was determined in accordance with the applicable provisions of this Maximum Price Regulation No. 195.

§ 1377.107 Report on cost-plus contracts. Any person who has agreed to sell or deliver any industrial wooden box pursuant to a cost-plus-a-fixed-fee or cost-plus-a-percentage-of-cost-contract, shall on or before September 1, 1942, or within ten days after entering into such contract file a report with the Lumber Branch of the Office of Price Administration, Washington, D. C., containing a copy or a summary of such contract.

§ 1377.108 Less than maximum prices. Lower prices than those set forth in this Maximum Price Regulation No. 195 may be charged, demanded, paid or offered.

§ 1377.109 Adjustable pricing. Nothing in this Maximum Price Regulation No. 195 shall be construed to prohibit the making of a contract to sell industrial wooden boxes at a price not to exceed the maximum price at the time of delivery or supply. Where a petition for amendment or for adjustment or exception has been filed which requires extended consideration, the Price Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1377.110 Evasion. (a) The price limitations set forth in this Maximum Price Regulation No. 195 shall not be evaded, whether by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to industrial wooden boxes, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) Making credit terms more onerous, either by decreasing the time allowed for payment or by decreasing the deductions allowed for prompt payment, than those in effect or available to the purchaser on March 31, 1942;

(2) Making charges for delivery which in effect require the purchaser to pay a larger proportion of the transportation cost than would have been the case in a similar sale on March 31, 1942.

§ 1377.111 Records and reports—(a) Records. Persons subject to this Maximum Price Regulation No. 195 shall keep available for inspection by the Office of Price Administration for a period of not less than two years records of the following:

(1) By the manufacturer. (i) Records of each sale or delivery of industrial

wooden boxes after August 7, 1942, showing the name and address of the purchaser, the date of the sale, a description and identification of the box and the net price received.

(ii) A record showing the price-determining method employed in the plant on March 31, 1942, the labor rates in effect in the plant on March 31, 1942, the price paid for and a description of all material purchased after January 1, 1942, the system of computing overhead burden in effect in the plant on March 31, 1942, and the price or value of all other factors reflected in the price-determining method.

(iii) A record of all list prices and unsolicited trade quotations for industrial wooden boxes in effect on and after March 1, 1942.

(iv) A record of detailed cost-estimate sheets and other data showing the calculations of prices in sales covered by this Maximum Price Regulation No. 195 for which there were no list prices or umsolicited trade quotations in effect on March 31, 1942, or for which no list price is hereafter established.

(2) By a seller other than the manufacturer. Records of the kind such seller has customarily kept, relating to the prices of industrial wooden boxes sold after August 7, 1942, and in addition, records showing as precisely as possible the basis upon which maximum prices for industrial wooden koxes have been and are determined.

(3) Persons making purchases subject to Maximum Price Regulation No. 195. A record showing the name and address of the seller, the date of the purchase, a description of the box purchased, and the price paid.

(b) Additional or substituted records and reports. Every person subject to this Maximum Price Regulation No. 195, shall keep such other records and submit such other reports, including periodic financial statements, as the Office of Price Administration may from time to time require or permit, either in addition to or in substitution for records and reports required by this regulation.

§ 1377.112 Enforcement. (a) Persons violating any provision of this Maximum Price Regulation No. 195 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 195 or any price schedule, regulation or order issued by the Office of Price Administration or price.

of Price Administration or any acts or practices which constitute such a violation are urged to communicate with the nearest Field, State, or Regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1377.113 Petition for amendment or adjustment—(a) Government contracts or subcontracts. Any person who has entered into or proposes to enter into a contract with the United States or any agency thereof, or with the Government of any country whose defense the Presi-

dent deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States", or any agency of any such Government, or a subcontract under any such contract, who believes that the maximum price impedes or threatens to impede production of an industrial wooden box which is essential to the war program and which is or will be the subject of such contract or subcontract, may file an application for adjustment of the maximum prices established by this Maximum Price Regulation No. 195 in accordance with Procedural Regulation No. 6, issued by the Office of Price Administration.

(b) Adjustment of abnormally low maximum prices. The Office of Price Administration or any duly authorized officer thereof, may by order adjust the maximum prices established under this Maximum Price Regulation No. 195, for any seller of industrial wooden boxes in any case in which such seller shows:

(1) That such maximum price causes him substantial hardship and is abnormally low in relation to the maximum prices established for competitive sellers of the same or similar commodities: and

(2) That establishing for him a maximum price, bearing a normal relation to the maximum prices established for competitive sellers of the same or similar commodities, will not cause or threaten to cause an increase in the level of retail prices.

Applications for adjustment under this paragraph (b) shall be filed in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration.

- (c) Special relief. Any person seeking special relief for which no provision is made in the foregoing paragraphs (a) and (b) of this section, from a maximum price established under this Maximum Price Regulation No. 195 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration, and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant, together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 195 to eliminate the danger of inflation.
- (d) General amendments and adjustments. Persons seeking any general modification of this Maximum Price Regulation No. 195 or any general adjustment or exception not provided for therein may file petitions for amendment in accordance with Procedural Regulation No. 1 issued by the Office of Price Administration.
- § 1377.114 Definitions. (a) When used in this Maximum Price Regulation No. 195, the term:
- (1) "Person" includes an individual, corporation, partnership, association, or any other organized groups of persons, or

legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the fore-

going.
(2) "List price" or "unsolicited trade quotation" means an offering price which the seller communicates to a substantial number of potential customers. The term does not include a price which the seller quotes only to a single potential customer in response to a specific inquiry from that potential customer.

(3) "War procurement agency" in-cludes the War Department, the Department of the Navy, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department or any

agency of the foregoing.

(4) "Industrial wooden box" means any assembled or unassembled box, crate, case, carrier, or similar container made , principally of wood, in the form of lumber, plywood or veneer, and used for packaging products other than perishable fruits and vegetables. The term includes any constituent wooden part of the foregoing, but does not include cooperage products or any used containers, or any wire-bound boxes.

(5) "Sub-contracted services" means services performed by an independent contractor outside of the manufacturer's own plant, but does not include "piece-

work" contracts.

(b) Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942, shall apply to other terms used herein.

§ 1377.115 Exclusions. This Maximum Price Regulation No. 195 shall not apply

(a) Any sale or delivery at retail of an industrial wooden box. "Sale at retail" means any sale to an ultimate consumer other than an industrial, commercial or government user by a person other than the manufacturer of the box sold.

(b) Any sale or delivery of an industrial wooden box for which a maximum price is established by any other regulation or order issued by the Office of Price Administration, except the General Maximum Price Regulation.

(c) Any sale or delivery of an industrial wooden box if prior to August 8, 1942, such product had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to the purchaser.

§ 1377.116 Applicability of the General Maximum Price Regulation. The provisions of the General Maximum Price Regulation shall not, on and after August 8, 1942, apply to sales and deliveries of industrial wooden boxes subject to this Maximum Price Regulation No. 195.

§ 1377.117 Export sales. The maximum price at which a person may export industrial wooden boxes shall be determined in accordance with the methods provided in the Maximum Export Price Regulation issued by the Office of Price Administration. An "export sale" is any sale between a seller in the continental

United States and a purchaser outside thereof in which the commodity sold is transported from the continental United States to a point outside thereof and includes any sale of a commodity outside the continental United States by an agent of the exporter or by a corporation owned or controlled by the exporter within a period of two years after the date of shipment of the commodity from the continental United States.

§ 1377.118 Effective date. This Maximum Price Regulation No. 195 (§§ 1377.101 to 1377.118, inclusive) shall become effective August 8, 1942.

Issued this 3d day of August 1942. LEON HENDERSON.

RESALE OF NEW HOUSEHOLD MECHANICAL REFRIGERATORS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 1380.107 (a) is amended and a new § 1380.107a is added as set forth below:

§ 1380.107 Enforcement. (a) Persons violating any provision of this Maximum Price Regulation No. 110 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

§ 1380.107a Licensing: applicability of the registration and licensing provisions of the General Maximum Price Regulation.2 The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this Maximum Price Regulation No. 110 selling at wholesale or retail any new model of household mechanical refrigerator covered by this Maximum Price Regulation No. 110. When used in this section the terms "selling at wholesale" and "selling at retail" have the definitions given to them by §§ 1499.20 (p) and 1499.20 (o) respectively of the General Maximum Price Regulation. Said registration and licensing provisions became effective as to persons selling at wholesale on May 11, 1942 and as to persons selling at retail on May 18, 1942.

PART 1499—COMMODITIES AND SERVICES [Amendment 19 to General Maximum Price Regulation 1]

REPORT OF MAXIMUM PRICES DETERMINED UNDER § 1499.3 (a)

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1499.24 is amended to read as set forth below:

§ 1499.24 Appendix A: General Maximum Price Regulation; Report of maximum price determined under § 1499.3 (a); Form GMPR: 2. This form GMPR: 2 shall be used for the reporting of a maximum price for sale at wholesale or retail determined under § 1499.3 (a) of the General Maximum Price Regulation. The maximum price for sale at wholesale or retail may be determined under this section only if the seller cannot determine maximum prices under § 1499.2: i. e., if there was no sale or offer to sell of the same or similar commodities by the seller reporting or by a competitor during the month of March, 1942. Any seller who has determined a maximum price under § 1499.3 (a) is required, within 10 days after such determination, to report such price to the appropriate field office of the Office of Price Administration. If the maximum price reported is incorrectly determined or otherwise unreasonable the seller will be required to determine a new maximum price and to file a new report.

The Office of Price Administration has the right at any time for cause to revise

the price so reported.

Any seller who under § 1499.4a of the General Maximum Price Regulation has received authorization of the Retail Trade and Services Division to determine uniform maximum prices pursuant to § 1499.3 (a) for a group of stores under its control in which it has been the practice to charge uniform or substantially uniform prices, shall file his report or reports in accordance with and at the place or places designated in the Order issued by the Office of Price Administration authorizing uniform pricing.

If report is filed for more than one store indicate here or on attached sheets the stores included or the area covered.

The undersigned hereby reports its determination, made in accordance with § 1499.3 (a) of the General Maximum Price Regulation, of the maximum price for the commodity described in item 1 below.

1. Brief description of commodity for which a maximum price is reported:

2. Reasons why price could not be determined on the basis of a same or similar commodity dealt in by the undersigned or a competitive seller during March 1942: 3. (a) General classification in which the undersigned classes the commodity for which maximum price is reported.....

(b) Brief description of comparable commodity in this general classification and price range of which the undersigned delivered the largest number of units during March 1942 (referred to herein as "comparable commodity")

4. The maximum price reported was determined from calculations A, B, and C below, in accordance with instructions printed below:

A. Comparable Commodity:

Pursuant to section 205 (b) of the Emergency Price Control Act of 1942 it is a criminal offense punishable by a fine of not more than \$5000 or by imprisonment for not more than one year, or both, to make any false statement or entry in the above report. This form does not need to be acknowledged before a notary public.

INSTRUCTIONS

The following instructions must be followed in completing this form:

Item 1. Give a brief but complete description of the commodity for which the price is reported. The description should be sufficient to enable any representative of OPA to identify the item. It should include a description of its use, unit, size, packaging, brand name or name of the manufacturer if known, the material of which the item is constructed and any other pertinent information.

Item 2. Indicate how commodity for which price is reported differs from other commodities sold by the seller, or competitive sellers of the same class, during March, 1942. If the seller or competitive sellers sold similar, though not identical, items during March, 1942, maximum prices may not be established under \$1499.3 (a) but must be determined under \$1499.2 of the General Maximum Price Regulation.

Item 3. (a) Insert general classification (food, hardware, men's clothing, etc.), in which the seller classes the com-

modity for which a maximum price is reported.

(b) Insert a brief description of comparable commodity in the same general classification and price range of which the seller delivered the largest number of units during March, 1942. The description should be as complete as under Item 1 above.

Item 4-A. Column 1. Name of comparable commodity.

Column 2. Insert unit of pricing, e. g., pound, quart, garment, dozen, gross, etc. Column 3. Insert net replacement cost

Column 3. Insert net replacement cost per unit. Net replacement cost shall be net price 1 per unit paid by the seller after May 18, 1942, or the net price which the seller would have to pay to replace the comparable commodity after such date. In no case shall this be higher than suppliers' maximum price.

Column 4. Insert the maximum price per unit established in accordance with § 1499.2 of the General Maximum Price Regulation.

Item 4-B. Insert net cost 1 per unit of commodity for which price is reported.

Item 4-C. Calculate maximum price reported per unit as follows: Multiply unit cost (4-B) by percentage (4-A, Column 5).

Item 5. Indicate whether the price reported in 4-C is a price for sale at wholesale or at retail as defined in § 1499.20, items (o) and (p) of the General Maximum Price Regulation.

Item 6. State the date on which the price was effective for sales to purchasers.

§ 1499.23. Effective dates of amendments. * * *

(s) Amendment No. 19 (§ 1499.24) to the General Maximum Price Regulation shall become effective August 6, 1942.

[P. & S. Docket No. 1506]

STATESBORO LIVE STOCK COMMISSION Co. ORDER OF INQUIRY, ORDER OF SUSPENSION, AND NOTICE OF HEARING

In re F. C. Parker, Sr., and F. C. Parker, Jr., copartners, doing business as the Statesboro Live Stock Commission Co., respondent.

This proceeding is instituted pursuant to the provisions of Title III of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 1940 ed. 181), and the following allegations are made:

1. The respondents are engaged in the business of conducting or operating a stockyard at Statesboro, in the State of Georgia, which stockyard has been ascertained by the Secretary of Agriculture to be a "stockyard" within the definition of that term as used in the act, and which has been posted as such by the Secretary of Agriculture under the act.

2. The respondents, F. C. Parker, Sr. and F. C. Parker, Jr., doing business as the Statesboro Live Stock Commission Co., are registered as a market agency and dealer under the act and are engaged in the business of selling livestock, in commerce, on a commission basis.

3. In accordance with the requirements of the Packers and Stockyards Act, the respondents have heretofore filed and put into effect schedules of rates and charges for their services.

4. On or about July 11, 1942, the respondents made, filed, and published, effective on and after July 29, 1942, a new schedule of rates and charges, without designation by number, which said new schedule contains rates and charges, most of which are materially greater than those set forth in the schedule now on file.

5. Upon an examination of the records and other information in the possession of the Department of Agriculture, there is reason to believe that the increases proposed by such new schedule are not justified and that such increases are, in fact, unreasonable.

It is concluded that a proceeding under title III of the act should be had for the purpose of determining the reasonableness and lawfulness of the rates and charges proposed to be made by the respondents as set forth in the schedule submitted by the respondents and received in the Department on July 15. 1942, which they proposed to make effective July 29, 1942, and that, pending a hearing and decision in said proceeding, the operation of such tariff should be suspended and its use deferred.

It is further concluded that a hearing should be had for the purpose of determining the lawfulness of all rates and charges of the respondents and of any rule, regulation, or practice affecting such rates and charges, and whether any stockyard service is rendered by the respondents without making a lawful charge therefor.

It is therefore ordered, That the operation and use of the tariff filed by the respondents on July 15, 1942, to become effective on and after July 29, 1942, shall be suspended and the Secretary's telegram of July 28, which suspended the tariff and deferred its use until the expiration of thirty days beyond the time when such tariff would otherwise go into effect, is confirmed.

It is further ordered, That a hearing covering the allegations made herein shall be held before an examiner at a time and place of which the respondents will have at least ten days' notice. At such hearing, the respondents and all other interested persons will have a right to appear and present such evidence with respect to the matters and things alleged as may be relevant and material.

It is further ordered. That any and all interested persons who may wish to appear and present evidence relative to the issues in this proceeding shall give notice thereof by filing a statement to that effect with the Hearing Clerk, Office of the Solicitor, Department of Agriculture, Washington, D. C., on or before the 15th day of August 1942.

OFFICE OF PRICE ADMINISTRATION.

FULTON TRADING AND COMMISSION COMPANY

APPROVAL OF REGISTRATION

Order 12 under Supplementary Regulation No. 1 to General Maximum Price Regulation.

An opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The following company has registered with and been approved by the Office of Price Administration as principally and primarily engaged in the business of reconditioning and selling damaged commodities received in direct connection with the adjustment of losses from insurance companies, transportation companies or agents of the United States Government and whose other activities do not include selling new or second-hand commodities for its own account: Fulton Trading & Commission Co., 2 Jones Lane, New York, New York.

Pursuant to the authority vested in the Administrator by the Emergency Price Control Act of 1942 it is hereby ordered:

(a) That sales or deliveries by Fulton Trading & Commission Company, New York, New York, be, and the same hereby are, excepted from the General Maximum Price Regulation in accordance with § 1499.26 (b) (1) of Supplementary Regulation No. 1.

(b) This Order No. 12 shall become effective August 4, 1942.

Issued this 3d day of August 1942.

LOUDON PACKING CO.

APPROVAL OF MAXIMUM PRICES

Order 1 under Maximum Price Regulation 152 2—Canned Vegetables. On July 14, 1942, the Loudon Packing

On July 14, 1942, the Loudon Packing Company, filed an application for specific authorization to charge a particular maximum price pursuant to § 1341.22 (d) of Maximum Price Regulation No. 152.

Due consideration has been given to the information submitted by the company in its application with respect to 18 ounce "V-8 Cocktail", a combination of tomato juice containing no more than 30 percent other vegetable juices. The 18 ounce size for which a maximum price is sought has not been packed by the applicant heretofore.

For the reasons set forth in the opinion and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, it is hereby ordered that:

(a) The Loudon Packing Company may sell, offer to sell, or deliver 18 ounce containers of "V-8 Cocktail" at a price no higher than the maximum price of \$1.53 per dozen delivered.

\$1.53 par dozen delivered.
(b) This Order No. 1 may be revoked or amended by the Price Administrator

at any time.

(c) Unless the context otherwise requires, the definitions set forth in § 1341.30 of Maximum Price Regulation No. 152 shall apply to terms used herein.

(d) This Order No. 1 shall become effective on August 4, 1942.

Issued this 3d day of August 1942.
